

---

LONDON, April 12, 2022 (GLOBE NEWSWIRE) -- Exela Technologies, Inc. (“Exela” or the “Company”) (NASDAQ: XELA), a global business process automation leader, today announced Exela has expanded its 30-year relationship with a tier one global bank by adding mobile payment processing. Our customer currently uses Exela for payments, fraud detection and mortgage processing. This multi-year XBP contract will be included in ITPS, Exela’s largest reporting segment.

Exela’s exchange for bills and payment solutions can be deployed to bridge the gap between traditional and digital banking providing choice and scale. The mobile solution will fully manage mobile payments conforming to rules and best practices from Pay.UK, the UK’s primary payments body.

“We are thankful to be selected and this also sets the stage for XBP solutions including Request to Pay, Account to Account Transfers and Real Time Payments,” noted Vitalie Robu, President of Exela, EMEA.

Exela is a leader in bills and payment processing with more than thirty years of experience handling complex problems and delivering simplicity. XBP liquidity solutions allow billers, consumers and businesses to communicate and transact. Offering a complete solution to its customers, Exela enables improved control, insights and analytics globally in over 50 countries.

## **About Exela Technologies**

Exela Technologies is a business process automation (BPA) leader, leveraging a global footprint and proprietary technology to provide digital transformation solutions enhancing quality, productivity, and end-user experience. With decades of experience operating mission-critical processes, Exela serves a growing roster of more than 4,000 customers throughout 50 countries, including over 60% of the Fortune® 100. Utilizing foundational technologies spanning information management, workflow automation, and integrated communications, Exela's software and services include multi-industry, departmental solution suites addressing finance and accounting, human capital management, and legal management, as well as industry-specific solutions for banking, healthcare, insurance, and the public sector. Through cloud-enabled platforms, built on a configurable stack of automation modules, and over 17,000 employees operating in 23 countries, Exela rapidly deploys integrated technology and operations as an end-to-end digital journey partner.

## **Forward-Looking Statements**

Certain statements included in this press release are not historical facts but are forward-looking statements for purposes of the safe harbor provisions under The Private Securities Litigation Reform Act of 1995. Forward-looking statements generally are accompanied by words such as "may", "should", "would", "plan", "intend", "anticipate", "believe", "estimate", "predict", "potential", "seem", "seek", "continue", "future", "will", "expect", "outlook" or other similar words, phrases or expressions. These forward-looking statements include statements regarding our industry, future events, estimated or anticipated future results and benefits, future opportunities for Exela, and other statements that are not historical facts. These statements are based on the current expectations of Exela management and are not predictions of actual performance. These statements are subject to a number of risks and uncertainties, including without limitation those discussed under the heading "Risk Factors" in Exela's Annual Report and other securities filings. In addition, forward-looking statements provide Exela's expectations, plans or forecasts of future events and views as of the date of this communication. Exela anticipates that subsequent events and developments will cause Exela's assessments to change. These forward-looking statements should not be relied upon as representing Exela's assessments as of any date subsequent to the date of this press release.
